

ESZTER PÓCZE

**classical ballet,
repertoire**

I finished the Arts Secondary School of Ballet Győr in 1999 and joined the Hungarian State Opera House as a ballet artist in September, 1999. I had the opportunity to dance several minor solo parts of the repertoire of the company.

I graduated as a dance teacher of classical ballet in 2012, then also at the specialization of classical ballet MA at the Hungarian Dance Academy/University.

I am a full-time employee of the Hungarian Dance Academy/University but because of my other assignments at the Opera House, I cannot be in charge of a grade there.

I am the mother of three children.
